TCA DESCRIPTION

Themes and goals: The seminar aims at supporting VET institutions in their process of strategic internationalisation. Based on the training concept developed by the Dutch, Finnish, and Hungarian National Agencies, and with a clear reference to the European guide „GO INTERNATIONAL“, different aspects of internationalisation strategies will be looked at and worked on.

Expected results: At the end of the training, participants will have - gained a clearer understanding of internationalisation processes in VET institutions- linked it to their specific Organisation- designed some next steps for their own internationalisation strategy

Additional information: This seminar was postponed from September 2018 to March 2019. Some places have been reserved for the co-hosting NAs. The seminar primarily addresses participants from countries that have not participated in the Internationalisation seminars in 2017/2018.Preference will also be given to those NAs that can send two VET institutions. Each VET institution needs to be represented by both their international officer/promoter/project coordinator and a decision maker (e.g. principal or rector/manager/head of unit/ member of board). Feel free to contact us for further Information.
