## TCA DESCRIPTION

**Themes and goals:**

The ambitious goal of the next Erasmus+ programme is to make learning mobility a realistic possibility for any pupil in school education. The programme starting in 2021 seeks to promote equal opportunities and access: Inclusion and diversity are key principles that shall facilitate participation of a wider range of schools with pupils from more diverse backgrounds.In the next Erasmus+ programme, pupil mobility will be a prominent and distinct feature. Under Key Action 1 the next programme will also support mobility of school pupils. This will include short-term group mobility and longer-term individual mobility of pupils carrying out a study period at a school abroad or a work experience placement.By presenting the experiences gained within school exchange projects in the Erasmus+ programme, the conference will deal with the chances and challenges to implement pupil mobility in school projects from 2021 onwards. Teachers and school representatives from all programme countries of Erasmus+ will have the chance to exchange experiences on pupil mobility and to work on mobility schemes that respect inclusion and diversity. The conference will also be a forum for networking and contact making to find partners for mobility projects in the new programme.ObjectivesThe conference will present best practice projects and successful mobility schemes for inclusive pupil mobility. It will also address blended mobility combining virtual and real mobility via the eTwinning platform. With the support of experts from the field, conference participants will reflect about ways to include more pupils from more diverse backgrounds into mobility projects. Conference participants will work on recommendations for pupil mobility that respect the principles of inclusion and diversity.The conference will offer networking opportunities for school representatives to find partners and to discuss project proposals for mobility projects in the new programme.
