TCA DESCRIPTION

Themes and goals: A regional study visit (with additional training elements) to schools active in the Erasmus+ programme to showcase what they're doing and the impact of their projects. The aim is to promote best practice and inspire newcomers to engage in Erasmus+. Targeting language teachers, we will particularly emphasise how Erasmus+ can support post-primary language teaching and learning; and how it links national and European language policy.

Expected results: Participants will: gain a better understanding of how Erasmus+ activities can support language learning and teaching; be inspired by the projects they visit; gain new ideas as well as next steps in building European projects; have the chance to share and meet European language education colleagues; possibly meet partners for future projects.
