TCA DESCRIPTION

Themes and goals:	The seminar will gather Beneficiaries of Strategic partnerships and centralised cooperation projects, that have a specific focus on issues such as inclusion, innovation in teaching and learning methods and so on, transversal to them all, with the aim of making beneficiaries and potential beneficiaries exploit sinergies for further cooperations and especially to strengthen their impact. We would like that the TCA will focus on relevant issues of the impact of E+ projects rather than just on the general concept of "impact" and to ease projects' contamination and fertilization
Expected results:	We would like that the TCA will focus on relevant issues of the impact of E+ projects rather than just on the general concept of "impact" and to ease projects' contamination and fertilization
