TCA DESCRIPTION

Themes and goals: Exploring the ways and means through which Adult Education and cultural heritage can work together to create routes for the inclusion of ethnic and migrant communities. The main objectives: • Provide opportunities for the sharing of knowledge, good practices and experiences related to different aspects of Adult Education Erasmus+ projects, with a special focus on projects related to the field of migration and inclusion of migrants through collaboration with the field of cultural heritage; • Analyse the needs of project coordinators at application stage including the full understanding of the main priorities in the Adult Education sector, the development of an internationalisation strategy and quality framework; • Elaborate proposals to improve the quality of project implementation; • Analyse the different aspects of the coordinators' and mentors' daily activity in relation to projects that target the needs of migrant communities and cultural institutions as they provide personal support (ranging from support for learning purposes, social inclusion and integration) to all third country nationals and migrant learners, in light of the different potential and existing challenges; • Provide opportunities for networking and for the development of project ideas and the eventual writing of the application form

Expected results: networking and new partnerships, new project ideas for Erasmus+ Adult Education projects, draft applications and the eventual increased participation of migrant communities in the Erasmus+ programme
