TCA DESCRIPTION

Themes and goals: The concept of consortium in School Education was new in 2015. Many NAs agree that they wish they would have more of them. Consortiums allow a larger number of schools to take part in the Erasmus+ program since administration of the projects is no longer a burden for the schools themselves. Possibilities within KA101 consortiumsParticularities of a KA101 consortium projectsPresentation(s) of successfull and well run KA101-projects consortiumProject coordination and project management of a KA101 consortiumPromotion of job-shadowing

Expected results: This TCA has been run once before in December 2017 in Norway and great results have been achieved (most of the participants sent an application that got granted with high ranking in term of score). Participants will send consortium application to the next KA101-round and will have already started cooperation with receiving schools for job-shadowing.

Additional information: Additional information (if applicable): Seminar will start around 1:00 pm on Desember, Monday 2nd and will end 13:00 on December, Thursday 5th. Lunch will be provided both days. NA should be prepared to: 1) only send participants that can in fact apply for a KA101 consortium project. 2) validate participating organisations in URF: participants will come with their PIC-code in hand; all schools part of the consortium should be identified before the TCA starts and all schools should have their PIC-code 3) At the time of the seminar, participants will already have identified “receiving schools” for job-shadowing (school – level or age of pupils – theme). Those identified job-shadowing will be part of a big market. 4) send to the organising NA 1 good and 1 “bad” consortium applications they have earlier received (application should be in English or format should allowed use of Google Translate); 5) cover the event fee in case of

no show or withdrawal after the number per country is confirmed (this of course does not apply if there is a possibility to find a suitable replacement in another country).
