TCA DESCRIPTION

Themes and goals:

In a nutshell: the 5th edition of CONNECTOR aims to create the space and the context to bring together practitioners passionate about learning in a participative and interactive manner, with a focus on practical experience.

Expected results:

Additional information:

This edition aims to promote and to make participants aware about the importance of using in their daily activities the European values, such as: equality, solidarity, human rights, democracy. Considering the specificity of the next year, one important aspect will be the promotion of democratic participation in all countries. Furthermore, learning by doing and focusing on the participants' needs and experience are key elements to personal and professional development. With these in mind, we will offer a large gallery of practical workshops in order to: - promote non-formal learning in Europe; - create connections between non-formal learning, formal education and vocational training; - develop a space for identifying the common needs and challenges of all the stakeholders involved; - develop solutions for the identified needs and challenges through projects and network activities; - create a collaborative space for sharing methods, instruments, practices and efficient ideas for learning (previous editions methods: debate, nonviolent communication, photovoice, forum theater, improvisation theater, storytelling, graphic facilitation, living library); - create future European partnerships, eligible under Erasmus+ program; Who can participate? CONNECTOR is about networking, practice, sharing and change, but it’s mostly about the PEOPLE involved in THE learning experience. And who are those people that CONNECTOR addresses? Youth workers, adult education practitioners, trainers, facilitators, teachers, educators, support staff, learning facilitators, representatives coming from school, higher and adult education, vocational training and other enthusiasts interested in

active learning.
