TCA DESCRIPTION

Themes and goals: Quality in Early Childhood Education and Care is one of the major priorities within the Erasmus+ strategic partnership action. The contact seminar aims at producing project ideas and project proposals for strategic partnerships in the school field. During the two-day seminar, participants will have the chance to network, learn, share ideas and practices from European colleagues and to set up a proposal for partnership.

Expected results: Participants will have acquired enough knowledge about the programme in order to be able to form an application together with partners. In the process of information by experts at the seminar and training in workshops participants will get all necessary support to find partners in order to work out concrete project ideas and to prepare the project application.

Additional information: Title: "Early Childhood Education and Care" - follow up to thematic and contact seminar for ECEC 2015 and 2018
